**GENERAL BUSINESS:**

Robbie marchsell was very happy with supp regs, everyone at the meeting only wants to run 1 round of stadium cross instead of a series of 3 rounds. To see how it goes and if it is an succesful event then later on run a series. Sub committee are having a meeting with ford on Thursday we refuse to use notimate online as it is to expensive. Stadium Supercross will be ran in the day time at Coolum and will go into the night time. Coolum told Motorcycling Queensland we wont use amb transponders and we will use rhino transponders, May come to an agreement with transponders. We must provide a Letter or signage at the local super market for stadium cross to let residents know that we will be having a noisey event going into the night. Try and move the junior from the last round of the last race of the day to earlier in the first race. Get onto decals and orginize some signs for the flag points number 1 to the number 11.
